Miss Kate Collier,
West End,
Atlanta, Ga.

Dear Katie;

I am endeavoring to complete the genealogy of the Collier family from the 15th Century up to date and I have come fairly accurate from the 15th Century up to and including the children of Vines Collier who settled in Oglethorpe Co. from Virginia in about 1780. I want you to get from your Mother the information contained on the reverse side of this letter, I would come by and talk it over personally with you but I may not have time.

I trust that all of you are well and that you will come to see us some time. With usual kind regards and good wishes to all of you I beg to remain

Very sincerely,

The name of your great-grandfather, or your Father's Father was Williamson Collier, give me the name of all of your Great-grandfather's children which includes the name of your Father's Father which was Williamson. If possible give me both the given and middle name as near as possible the dates of their birth and to whom they were married, also each of your Father's Brothers and Sisters where they resided and raised their family and about the time they died and if possible where they are buried.

Kindly give me the children of your Grandfather, William 's brothers and sisters or in other words your Father's first cousins, especially on the Collier side, do not care very much about the children of the girls as the name was changed when they married, yet you can give them as near as you can. These will be your Father's first cousins.

Then if possible give me the names of the children of your Father's first cousins which will be your third cousins, for instance Jim and Lester Collier at Meansville etc.

You can also toll me about the time Cousin Savannah married Henry Ferguson and about the time she died, this will bring your branch of the family up to date. Your Brother William promised to give this to me several months ago, getting same from your Mother but he has neglected to do so.
